◆The Aichi Emergency Medical Treatment Guide

This is a useful website for finding hospitals and clinics in Aichi Prefecture which are currently available for treatment.

Users can search the Aichi Emergency Medical Treatment Guide (PC version) to find medical institutions which provide medical treatment in foreign languages (English・Chinese・Korean・Portuguese).

※ 「To PC Site」 → Please click on the translation button on the right side of the screen.

URL: <https://www.qq.pref.aichi.jp>

◆Foreign language available Medical institution voice fax automatic guidance

Supporting five languages (Chinese・English・Portuguese・Spanish・Korean), the system allows users to state the name of the train station or city, ward, town, or village using the following telephone number.

Users will then automatically be guided by voice or fax to the nearest medical institution which is available in the respective language.
